The Eddie Guardado Foundation: Major League All-Star Pitcher, Eddie Guardado and his wife Lisa established The Eddie Guardado Foundation, a non-profit 501 (c)(3) in 2008 after their youngest child, Ava, was diagnosed with autism. Lisa and Eddie understand the emotional and financial hardships families impacted with autism experience and founded the Eddie Guardado Foundation to help other families receive access to therapy and treatments that they could not otherwise afford.

EGF has provided iPads to children with autism to help them communicate. Through grants, EGF has paid for various therapies, safety equipment, and other treatment services and support. Lisa and Eddie Guardado have been able to fund over $300,000 in grants to over 300 families.

Kartos International: Venezuela is currently going through the saddest moment in their history. A profound economic, political and social crisis that affects the whole country. Because of this, Kartos International was born, a foundation created by the Tosta Family to help the most vulnerable in their beloved country.

We have a dedicated and supportive team that help us with the fundraising, packaging and shipping of food, medicines, first aid supplies to hospitals, orphanages, nursing homes, organizations that help, and people in the streets. We are the friendly hand that’s always willing to help.

Our goal is to bring this help to at least two Venezuelan cities every month until we have covered all national territory and keep doing so over and over again. To be able to achieve this, we need you! The darkness will not stop us. In darkness there’s only fear, hopelessness, and despair. So let’s be the light! God is part of the illuminated path. Be the light with us. Millions of thanks!
